JOURNEY CASK: BRITANNIA

8 Year Aged Whisky from England

Britannia, the traditional name for England, showcases an 8 year old English single malt from The English Whisky Co. The distillery was born from a shared family passion, similar to our story at Virginia Distillery Company.

Bottled at cask strength, Britannia presents aromas of smoky maple, soft vanilla and orange zest. On the palate, milk chocolate mingles with citrus, cinnamon and clove. The finish is soft and smooth.

243 bottles were produced.
